Observations / suggestions to improve the overall teaching – learning experience in your institution

The above graph represents the suggestion of the students about the overall environment of the institution. The feedback from the students has been taken from all the departments in the college. From the students survey it is found that out of 152 student's responses, nearly 3 percent of the students have a complaint regarding canteen facilities. About 5 percent of the students are not satisfied with extra-curricular activities in the college. It is noted from the above graph that nearly 16 percent of the students have shared that they will be happy if the classes will be taken digitally along with the conventional method. Nearly 2 percent of the students are not satisfied with class routine and availability of the instruments for the practical subject provided in the institution. About 3 percent of the students are dissatisfied with the drinking water facility in the institution. On the other hand, out of 152 responses nearly 4 percent of the students have expressed that they are facing difficulties in understanding the language of the teacher while 2 percent of the students have suggested for conduction of workshops/seminar to a greater extent for their future competitive examinations.
